

1. **Recognized Provider Name:**

Matthew R. Fore, REHS, MPA

2. **Job title/Organization, Corporation or Agency Name:**

Supervising Environmental Health Specialist, Monterey County Health Department,  
Environmental Health Bureau

3. **Work phone number:** (831) 755-4507

4. **Mailing address:** 1270 Natividad Rd.; Salinas, CA 93906

5. **e-mail address:** matthewfore@sbcglobal.net

6. **Title/Description/Number of Hours for each presentation/course:**

Model Risk-Based Body Art Inspection Programs - This presentation will review the public health concerns related to Tattoo/Body Piercing procedures and will outline and inspection and surveillance program to mitigate these threats. Special consideration will be given to the “critical control points” that must be managed to prevent the spread of blood-borne pathogens. Finally, practical tips to establish an effective program will be shared for use by jurisdictions where no similar program currently exists. (1 hour)

**Biographical Data:**

Thirteen years of experience in many environmental health programs including drinking water, food protection, recreational waters, solid waste and recycling, onsite sewage disposal, medical waste management, housing, land use and vector control.
