

REGISTERED ENVIRONMENTAL HEALTH SPECIALIST CONTINUING EDUCATION UNITS

- ✓ CEHA is an [Approved Accreditation Agency](#) to provide Registered Environmental Health Specialist (REHS) Continuing Education, authorized by the California Department of Public Health.
- ✓ CEHA offers Continuing Education during the [Annual Educational Symposium](#), where attendees can earn 18 or more of the 24 required Continuing Education contact hours (CECH)'s.
- ✓ CEHA offers Continuing Education during chapter meetings, [Annual Updates](#), and virtual trainings.

EDUCATION AND STANDARDIZATION

- ✓ CEHA provides education, awareness, and latest developments in a variety of fields within environmental health during the [Annual Educational Symposium](#), and at events throughout the year to members.
- ✓ CEHA provides in-depth technical training and skills such as food facility and public pool plan reviews, onsite waste-water treatment system oversight, emergency response and others during symposiums and events.
- ✓ Participation in CEHA fosters standardization and increases professionalism amongst environmental health regulators across the state.

MENTORING

- ✓ CEHA has a unique one-on-one mentoring experience to develop the future leadership of REHS through the [Leadership Academy](#).
- ✓ Participation in [CEHA committees](#) and on the [CEHA Board of Directors](#) provides mentorship and guidance from experienced environmental health professionals working across California.

NETWORKING

- ✓ Attendance at CEHA events provides REHS the opportunity to meet and network with industry partners and regulatory agencies from various levels of local, state, and federal government.
- ✓ The CEHA Board of Directors intersects with the [California Conference of Directors of Environmental Health \(CCDEH\)](#), which represents environmental health leadership throughout the State of California.
- ✓ CEHA is affiliated with the [National Environmental Health Association \(NEHA\)](#), our national partner in the ongoing effort to support environmental health professionals.
- ✓ CEHA provides listings of [job openings](#) within the State of California in the field of environmental health.

EXPERIENCE

- ✓ Involvement on a chapter or executive board of directors provides leadership and organizational experience setting goals, overseeing budgets, improving workflows and public speaking.
- ✓ Involvement with a CEHA committee provides experience in teamwork, project management, professional writing and presenting.

DISCOUNTS

- ✓ CEHA members get discounted rates on all trainings provided by CEHA, with some provided free to CEHA members.
